Being Woyane has occupy over the property/sovereignty "Junior" race-related occurrence are expanding like a large destructive fire that spreads quickly over woodland. The source of hate has been endlessly feed with belief and it is silently increasing in people's soul. Conflict linking different ethnic group have enlarged as a direct outcome of the government's Ethnic-Based/Background master plan. Many guiltless people, substantially children and women have vanished and collapse their lives.

Prejudice of determined types of people by reason of their race-related birth or the mother tongue they speak is on the advance. Racial sanitizing is taking place unrevealed behind the mask of self-rule and the division of a country into smaller areas that govern themselves. Such conduct has been consumed and even stimulated by the administration. Recent schedule are largely accountable for intensifying differences instead of fostering the familiar component that lead people cooperatively.

Woyane is Murderer and outlaw group, representation who wears the wrong democracy or example of unconditional dictatorship. This group couldn't be examine as government in view of the fact that it does not accomplish those list main things that whichever government each and every or how much autocrat parliamentary democratic should recognition.

- Gov't should safeguard the countries existing borders being divest or taken away bay neighbor states except for the government with people involuntary by army frustrate or peoples of that country are gladly to give land for proximate or boarder territory for some reason or exposition.

- The Gov't should investigate proportionately the native whatever positive or negative with notwithstanding of circle or any nationality.

And those below things must be eliminated, for the sake of basic fundamental human rights and democracy
